4. AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the annexations and assessments are to meet operational expenses to maintain service within the proposed annexation areas, and are categorically exempt from the California Environmental Quality Act.
2. Determine whether a majority written protest against the proposed annexation or assessment exists.
3. Find that the parcels proposed to be annexed will be benefited by the annexation, authorize the boundaries of the Consolidated Sewer Maintenance District to be altered to include such benefited parcels, and order levying of sewer service charges within the annexed parcels to be effective in Fiscal Year 2009-10.

6. Make a finding terminating the proposed annexation and levying of assessment proceedings where the proposed annexation and levying of assessments have been rejected, if any, as a result of a majority protest and refer the matter back to the Department of Public Works.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to annex new territories to the Consolidated Sewer Maintenance District (District) and to levy sewer service charges on parcels within the annexed territories.

Approval of the proposed annexations will allow the District to continue to maintain the local sanitary sewers. The sewer service charges to be imposed on the annexed parcels are to provide funding for the District to maintain the sewer facilities.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs that we provide Service Excellence (Goal 1), Fiscal Responsibility (Goal 4), and Community Services (Goal 6) by annexing new territories into the District and levying charges to ensure that sufficient funds are raised for continued maintenance of the sewer system in a cost-effective, safe, and environmentally sound manner.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund. This action would generate an estimated \$20,000 in yearly revenue in the District starting in Fiscal Year 2009-10 to provide continued support for ongoing sewer maintenance operations.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

These recommended actions are required to annex parcels benefiting from sewers to the District.

The areas to be included are located within unincorporated territories and the Cities of Bradbury, Duarte, La Cañada Flintridge, Rosemead, South El Monte, and Temple City. Consent and jurisdictions for these annexations were granted by the affected cities in accordance with Section 4895 of the Health and Safety Code. The Cities of Bradbury, Duarte, La Cañada Flintridge, Rosemead, South El Monte, and Temple City have adopted resolutions, on file with the Executive Officer of the Board of Supervisors, granting consent and jurisdiction to the County for the inclusion of City territory in the District.

The Honorable Board of Supervisors
July 15, 2008
Page 4

The Resolution of Intention (Attachment A) identifies the areas served and proposed to be annexed in accordance with Chapter 4, Part 3, Division 5 of the Health and Safety Code, as amended, of the State of California. Assessments shall be determined in accordance with Title 20, Divisions 2 and 3 of the Los Angeles County Code. The proposed assessment of sewer service charge is subject to majority approval of the property owners. In the absence of a majority protest, the assessment shall be effective starting in Fiscal Year 2009-10.

Section 4896 et seq. of the Health and Safety Code requires that your Board may, by resolution, fix a time and place of hearing of the proposed annexations. The Department of Public Works shall post the required notices of public hearings.

As required by Section 4899 of the Health and Safety Code, your Board shall direct the Executive Officer to publish a notice of the hearing (Attachment B) in a newspaper of general circulation once a week for two successive weeks.

The California Constitution, Article XIID, Section 6(a), requires that owners of parcels subject to increased or new sewer service charges be notified by mail no later than 45 days before the public hearing of the amount of charge and method of determination, and the date, time, and location of the hearing. In the event a weighted majority of property owners protest an increased charge within any district, such charge may not be imposed.

Pursuant to Section 99 of the Revenue and Taxation Code, there will be no exchange of property tax revenues as a result of this action.

The Acting Director of Public Works or his designee shall file the necessary statement of boundary change with the State Board of Equalization and the County Assessor as required by Section 54900 of the Government Code and Section 99 of the Revenue and Taxation Code.

In accordance with Section 58850 et seq. of the Government Code, this proposal was reviewed by the Acting Director of Public Works or his designee and the County Assessor. The boundaries were approved as to definiteness and certainty and are shown on the attached legal descriptions.

The Resolution of Intention, Property Tax Resolution (Attachment C), and Notice of Hearing have been approved as to form by County Counsel.

The Honorable Board of Supervisors

ENVIRONMENTAL DOCUMENTATION

The proposed annexation and levy of sewer service charges is to fund operating expenses to maintain services in existing service areas and is exempt from the California Environmental Quality Act pursuant to the Public Resources Code, Section 21080 (b)(8).

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This action will result in the annexation of an additional five miles of sewer lines to the District. The revenue to be generated will be sufficient to fund the services to be provided. The recommended action will have no negative impact on current County services or projects.

CONCLUSION

Please return two adopted copies of this letter to the Department of Public Works, Sewer Maintenance Division.

Respectfully submitted,
